

BRIAN GOR

Software Engineer

"I do not fear computers. I fear lack of them."
— Isaac Asimov

Profile

I am a prolific, ambitious and motivated software engineer who has nurtured a mature and responsible approach to tasks that I undertake, or situation that I am presented with. I have strong technical and interpersonal skills, enabling me to collaborate efficiently with a team. I am eager to learn more in order to grow and further improve my skills.

Objective

To be effective to work within a dynamic, challenging and rewarding company that will give me an opportunity to utilize my acquired skills, apply my academic knowledge and learn more through experience.

Work experience

Frontend / UX Engineer / Rattego Remote

Since February 2022

- UX research on software product
- Design product wireframes (digital and paper) using Figma
